#### NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

#### 1. CORPORATE INFORMATION

OneApex Limited (the "Company") is incorporated in the Republic of Singapore with its principal place of business at 38 Jalan Pemimpin #06-06, Singapore 577178 and its registered office at 80 Raffles Place, #25-01 UOB Plaza 1, Singapore 048624. The Company is listed on the Catalist Board of the Singapore Exchange Securities Trading Limited (the "SGX-ST"). These condensed interim consolidated financial statements as at and for the six months ended 31 March ("1HY") 2023 comprise the Company and its subsidiaries (collectively, the "Group").

The principal activity of the Company is that of investment holding. The Group is primarily involved in property development, property investment, property management and fund management.

#### 2. BASIS OF PREPARATION

The condensed interim financial statements for the six months ended 31 March 2023 have been prepared in accordance with SFRS(I) 1-34 Interim Financial Reporting issued by the Accounting Standards Council Singapore. The condensed interim financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance of the Group since the last annual financial statements for the year ended 30 September 2022.

The Group has applied the same accounting policies and methods of computation as in the Group's most recently audited financial statements, except for the adoption of new and amended standards as set out in Note 2.1.

The condensed interim financial statements are presented in Singapore dollar which is the Company's functional currency.

## 2.1 New and amended standards adopted by the Group

A number of amendments to Singapore Financial Reporting Standards (International) ("SFRS(I)") have become applicable for the current reporting period. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting those SFRS(I).

The adoption of the new and revised SFRS(I) and interpretation of SFRS(I) have no material impact on the financial performance or position of the Group and the Company for 1HY2023.

The Group has not yet early adopted any standards, interpretations or amendments that have been issued but not yet effective.

#### 2.2 Significant accounting judgments and estimates

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

#### Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below:

(COMPANY REGISTRATION No. 201020806C)

# Estimation of net realisable value of development properties

Development properties are stated at the lower of cost and net realisable value. Net realisable value of development properties is the estimated selling price in the ordinary course of the business, based on market prices at the end of the reporting period and discounted for the time value of money if material, less the estimated costs of completion and the estimated costs necessary to make the sale. The carrying amount of development properties as at 31 March 2023 was S\$43,883,267 (30 September 2022: S\$40,121,581).

#### 3. SEASONAL OPERATIONS

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period.

#### 4. SEGMENT INFORMATION

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenue and expenses that relate to transactions with any of the Group's other components. The operating segments operating results are reviewed regularly by the Group's chief operating decision makers to make decisions about the resources to be allocated to the segments and assess its performance, and for which discrete financial information is available.

The Group's reportable operating segments are as follows:

- (a) Financial services
- (b) Property management
- (c) Property development
- (d) Property investment

# 2. REVIEW OF THE FINANCIAL PERFORMANCE OF THE GROUP (1HY2023 VS 1HY2022)

#### **Review of Consolidated Statement of Comprehensive Income**

The Group recorded revenue of approximately \$\$0.53 million in 1HY2023 as compared to approximately \$\$0.62 million in 1HY2022. The decrease of approximately \$\$0.09 million in revenue was attributed to its financial services business operations as a result of a decrease in the revenues generated by its existing mortgage referral services.

Other income decreased by approximately \$\$1.10 million, from approximately \$\$1.15 million in 1HY2022 to approximately \$\$0.05 million in 1HY2023. The decrease is mainly due a one-time gain on disposal of approximately \$\$1.10 million recognised in 1HY2022, which is absent in 1HY2023.

Employee benefits expense remained relatively stable in 1HY2023 at S\$0.89 million compared to S\$0.91 million in 1HY2022.

Depreciation expenses remained relatively stable in 1HY2023 at S\$0.05 million compared to S\$0.05 million in 1HY2021.

Other operating expenses remained relatively stable in 1HY2023 at S\$0.37 million as compared to S\$0.33 million in 1HY2022.

Finance costs decreased by approximately \$\$0.28 million, from approximately \$\$0.33 million in 1HY2022 to approximately \$\$0.02 million in 1HY2023. The decrease is mainly due to the capitalisation of interest expenses since March 2022, to development properties as a result of the transfer of investment properties to development properties for the Group's properties located at 18 Kim Chuan Terrace.

Share of associates' results increased by approximately S\$0.07 million from approximately S\$0.11 million in 1HY2022 to approximately S\$0.18 million in 1HY2023. The associates' results were due solely from the Company's associate company, TSD, which owns and operates a dormitory and the increase is mainly due to rising rental rates for dormitory beds throughout 1HY2023.

# Review of Consolidated Statement of Comprehensive Income (continued)

As a result of the above, the Group recorded a net loss of approximately S\$0.57 million in 1HY2023 as compared to a net profit from of approximately S\$0.28 million in 1HY2022.

#### **Review of the Financial Position of the Group**

The decrease in current assets was mainly due to a decrease in cash and bank balances of \$\$8.17 million as a result of repayment of bank loans of \$\$10.27 million less net cash generated from operating activities of \$\$2.14 million, which was partially offset by i) additions to development properties of \$\$3.76 million as the project progresses and ii) increases in trade and other receivables of \$\$0.31 million due to an increase in GST receivables and an increase in trade receivables as a result of higher accrued introducer fees as at 31 March 2023. The Group's non-current assets stood at approximately \$\$2.87 million as at 31 March 2023 as compared \$\$2.65 million as at 30 September 2022. The increase is mainly due to i) the additions to property, plant and equipment and ii) an increase in investment in associate due to share of profits from Tuas Seatown Dormitory Pte Ltd, offset by the decrease in goodwill as a result of the review of the cashflow forecast of the related cash-generating unit in which the goodwill relates to.

The Group's total liabilities decreased by S\$3.31 million, from S\$49.71 million as at 30 September 2022 to S\$46.40 million as at 31 March 2023, mainly due to a reduction in other payables of S\$0.76 million as well as a decrease in bank loans due to repayment amounting to an aggregate of S\$10.26 million, which was partially offset by the increase in contract liabilities as a result of the progress billings to customers amounting to S\$7.62 million.

The Group maintained a positive working capital of approximately S\$29.11 million as at 31 March 2023.

#### Review of the Statement of Cash Flows for the Group

Overall, cash and cash equivalents decreased by \$\$8.17 million from \$\$17.73 million as at 30 September 2022 to \$\$9.56 million as at 31 March 2023, mainly due to net cash used in financing activities of \$\$10.29 million, which was partially offset net cash flows from operating activities of \$\$2.14 million.

Net cash generated from operating activities amounted to approximately \$\$2.14 million in 1HY2023 mainly due to the progress billings of the 23 units sold of Apex Foodworks, resulting in proceeds of \$\$7.62 million; which was partially offset by operating cash outflows of \$\$0.64 million and cost additions to development properties amounting to \$\$3.76 million.

Net cash used in investing activities amounted to approximately S\$0.02 million in 1HY2023, mainly due to purchases of property, plant and equipment amounting to S\$0.06 million, offset by interest received amounting to S\$0.04 million.

Net cash used in financing activities of S\$10.29 million was due to the repayment of bank loans as well as the repayment of a principal portion of lease liabilities.

Apex Foodworks was launched for sales in March 2022 and has achieved 23 units out of 24 units sold till date, with a gross sales value of \$\$76.2 million achieved. As the project is currently undergoing construction, progress billings to be recognised as sales revenue, upon the Temporary Occupation Permit ("TOP"), is envisaged to steadily increase as construction progresses and billing milestones are achieved. Although the legal TOP date of the project is in 2026, based on the progress of the construction, the Group is optimistic that TOP will be obtained earlier.

In view of the rising interest rates, the Group will be prudent in its cash management and seeks to pay down its loans when as and when its cash flows allows, as evidenced by its repayment of S\$10.27 million loans in 1HY2023.
